INHERITS \$200,000; TRIES TO SAVE FARE

Special Cable to The Tribune.

PARIS, Dec. 28.—A young Spanish farm laborer, who is employed on a farm at Junas, in the railroad department, was notified by a Nimes lawyer that he had been left over \$200,000 by an uncle who recently died in Brazil.

With the information the notary sent a check for \$100 to enable the young man to go to Rio de Janeiro for the probate formalities.

The young fellow's ignorance of the significance of such a large inheritance is so great that he is endeavoring to obtain temporary work on the steamer conveying him to Rio de Janeiro in order to save a portion of the \$100 sent him by the lawyer.

HOW TO RESIST

Chronic Coughs and Colds.

Strong, vigorous men and women hardly ever catch cold; it's only when the system is run down and vitality low that colds and coughs get a foothold.

Now isn't it reasonable that the right way to cure a cough is to build up your strength again?

Mrs. Olivia Parham, of East Durham, N. C., says: "I took Vinol for a chronic cough which had lasted two years, and the cough not only disappeared, but it built up my strength as well."

The reason Vinol is so efficacious in such cases is because it contains in a delicious concentrated form all the medicinal curative elements of cod liver oil, with tonic, blood-building iron added.

Chronic coughs and colds yield to Vinol because it builds up the weakened, run-down system.

You can get your money back any time if Vinol does not do all we say.

A Story of Service

A customer temporarily in Arizona wrote us to supply ten dollars' worth of groceries to a certain poverty-stricken family whose address he gave us, if, after investigation, we found the case a worthy one.

That looks like a small matter, yet we were glad to attend to it in his absence, and carried out his instructions fully without any charge.

That is a sample of what is meant by the phrase "National Copper Service."
